

Useful Phone Numbers

Base Operator: 01638 541110

England is 5 hours ahead of Eastern Standard Time in the U.S. When dialing a commercial number from the U.S., you will dial 011, then the country code 44, a 4 digit area code-xxxx, and then the six digit number-xxx-xxx. If you see a five-digit area code with a 0 as the first number, drop the zero and use the last four digits.

*Example, 01638-555-555, you would dial 011-44-1638-555-555. DSN calls to RAF Mildenhall * Use 314-238-XXXX*

The following is a list of telephone numbers for commonly used facilities at RAF Mildenhall. These numbers are listed in Defense Switched Network (DSN) format, to convert a DSN to a commercial number, dial 01638, then 54, then the last four numbers of the DSN.
