

DAT FACT SHEET

July 2022

DAT | Disability Action Team

Purpose: The Disability Action Team (DAT) is one of the Barrier Analysis Working Group teams that fall under the Department of the Air Force Barrier Analysis Working Group (DAFBAWG). This BAWG team was created for the purpose of analyzing anomalies found in civilian and military workplace policies, procedures, and practices with an eye toward identifying their root causes, and, if those root causes are potential barriers to equal opportunity, devising plans to eliminate them.

The DAT will assess programs, practices, data and other information for barriers to employment, advancement, and retention of employees, applicants, and military members with disabilities. It will also serve as a Member and Employee Resource Group (MERG) for employees and members with disabilities. An MERG is a voluntary, employee-led group that fosters a diverse, inclusive workplace aligned with organizational mission, values, goals, and objectives. MERGs may also provide support to employees and contribute to their career development.
