Main Purpose

We are currently seeking a highly skilled and motivated individual to join a premier team of Firefighters at the 423 Civil Engineering Squadron, Royal Air Force Alconbury, United Kingdom.

The primary purpose of this position is to serve as a Firefighter assigned to a crew engaged in structural firefighting, rescue, and Hazardous Materials (HAZMAT) response where there is a presence or potential releases of hazardous materials for the purpose of mitigating or controlling the release. Provides on-scene logistical and administrative support for the full spectrum of emergency incident. Will function as Fire Prevention team member and serve as Emergency Service Function (ESF) representative. Determines stock levels needed for non-recurring, specialized fire protection items based on usage, inventory, operational, and budgetary demands and will also prepare recurring and special reports. Serves as a fully trained member of a structural firefighting crew engaged in the protection of life and property, as needed.

If you're looking for a challenging, gratifying career supporting the US Visiting Forces in the United Kingdom -- this job is for you; apply today!

Knowledge and Experience Required

Applicants must demonstrate the following:

1. Knowledge of basic and specialized structural firefighting equipment, resources, and techniques, and procedures, Ability to maintain stock levels in support of emergency operations and conduct financial transactions and maintain financial records as a Government Purchase Cardholder.
2. Knowledge of hazardous materials emergency response procedures, equipment, identification, and mitigation actions, at the Hazmat Operations level, and the ability to conduct complete HAZMAT incident support.
3. Knowledge of basic life support techniques and protocols. Knowledge of emergency first aid techniques; and safety requirements as outlined in applicable safety standards, regulations, and/or technical orders.
4. Skill in operating communications equipment.
5. Ability to maintain good working relations; to communicate orally and in writing in an accurate and articulate manner.
6. Ability to conduct Fire Prevention fire safety inspections, and knowledge of all aspects of record keeping ensuring compliance with current Fire Safety Codes.

Other Important Information

- Hours of work: Start & end times may be modified due to mission needs and in accordance with organization's flexible working policies.
- Will be required to handle and safeguard sensitive information in accordance with applicable US and UK laws, rules, and regulations.
- Must obtain and maintain the appropriate security clearance.
- May be assigned other duties that are appropriate to the grade and skill set of the employee.
- May be required to travel by military and/or civilian aircraft in the performance of official duties or attend necessary training. Position may be coded as mission essential.
- A 12-month probationary period will be required.
- Overtime may be required.
- May be required to travel overnight to US or other countries in the performance of official duties or attend necessary training.

Other significant facts pertaining to this position are:
