******This is a fixed term contract projected to last 3 years from start date, depending upon budgetary constraints******

Main Purpose

We are currently seeking a highly skilled and motivated individual to join Air Force Centre for Engineering and Environment as a General Engineer (Project Manager) at Royal Air Force Fairford, United Kingdom.

The successful candidate will perform the facilities engineering program and project management for the Air Force Center for Engineering and Environment for a variety of funding sources including Military Construction Program, Military Family Housing and other US and host nation funding programs as appropriate.

You will execute projects and programs for substantial new construction, renovation, and improvements for property facilities, encompassing highly specialized or unique requirements. You will accurately and effectively prepare project time schedules, cost estimates, design constructions and guidance consistent with the Department of Defense and Headquarters US Air Force. As an Air Force Centre for Engineering and Environment Project manager you will collaborate as necessary with engineers, scientists, and other expert personnel at various agencies whilst providing timely and accurate technical and professional, consultative services for assigned projects and programs.

Being responsible for advocating for funds in support or assigned projects/programs, recommending cost-effective solutions to engineering challenges.

This role will involve being responsible for maintaining current knowledge of events, technology, organizational policies, and engineering procedures that impact current responsibilities, utilizing knowledge of 3 or more professional engineering disciplines providing technical consultation to activities, staff, installation and other organizations concerning facilities, planning, design, construction and/or maintenance for different categories of facilities,

For specific qualification requirements for the position, you can visit: [General Engineering Series 0801 \(opm.gov\)](https://www.opm.gov/policy-data-oversight/series/0801/)
