Job Description:

You will serve as a Station Chief responsible for oversight and direction of the day-to-day operations of a fire station with two or more firefighting crews who drive and operate firefighting vehicles of significant complexity, fight airfield and structural fires, perform crash and rescue operations, and assist in reducing and/or eliminating potential fire hazards. You will direct the operation of firefighting vehicles such as pumpers, aerial ladder trucks, and crash-rescue trucks and supervise the performance of crash-rescue and firefighting duties at airfields handling complex aircraft. You will also supervise the rescue of personnel and immediate first aid measures as well as the performance of structural firefighting duties for a variety of facilities while complying with health, safety, security, and environmental rules and procedures.

Qualifications and Key skills:

A Valid UK Large Good Vehicle (LGV) Driving License

One year specialized experience as per the key skills listed below:

- Knowledge of driving and operating firefighting vehicles of significant complexity; of the principles of hydraulics as they pertain to water flow, water pressure, water levels, line (friction) losses, etc.;

and of basic and specialized firefighting equipment (fire alarm system operation, fire extinguishing equipment operation, etc.), techniques, and procedures.

- Knowledge of emergency first aid techniques; safety requirements as outlined in applicable safety standards, regulations, and/or technical orders; and HAZMAT emergency response procedures, equipment, and identification.
- Knowledge of basic building design, construction, and occupancy; and of the latest changes in aircraft cockpit design, ordnance placement, and cabin layouts to include the operation of hatch or canopy release mechanisms, ejection seat mechanisms, and/or oxygen supply systems.
- Skill in detecting and recognizing fire hazards (potential and immediate); and skill to operate communications equipment.
- Ability to maintain good working relations; communicate orally and in writing; and lift and carry heavy loads.
- Ability to provide supervision and leadership and integrate the actions of a crew(s) under emergency conditions.

Conditions of employment

1. You will be required to handle and safeguard sensitive information in accordance with applicable US and UK laws, rules and regulations. This position may also be coded as mission essential. Mission Essential personnel may be required to report for duty at normal times when the base is closed or delayed reporting, and remain on duty during phased or early release
2. You may be required to travel by military and/or civilian aircraft, and you may also be required to travel to the US or other country, in the performance of official duties or attend necessary training.
3. You will be required to complete a 12-month probationary period.
4. Start & end times may be modified due to mission needs and in accordance with organization's flexible working policies. Overtime may be required and you may be assigned other duties not included in this position description, but that are appropriate to the grade and skill set of the incumbent.
5. You must be able to communicate effectively both orally and in writing.
6. You must participate in a mandatory physical fitness program and complete an annual fitness evaluation
7. You are required to use all safety equipment and clothing provided by management.
8. This position requires the employee to work under adverse environmental conditions and falls under the respiratory protection program and hearing conservation program.
9. This position requires the ability to discern colors, contrast, and depth.
10. You may be required to work the Fire Alarm and Communications Center (FACC).
11. You are required to be certified by the DoD Firefighter Certification System as Fire Officer II (includes Fire Officer I), Fire Instructor I, Fire Inspector I, Airport Firefighter (includes Firefighter I and II), and HAZMAT Incident Commander (includes HAZMAT Awareness and HAZMAT Operations).
12. May be required to maintain current National Registry Emergency Medical Technical-Basic (EMT-B) certification. This requirement should be determined locally.
13. Special Retirement Provisions Authority: This is a Secondary operations position; UK retirement rules apply

NOTE: You will require a security clearance and a right to work in the UK

This position may have certain restrictions on US citizens including US dual nationals due to the Status of Forces Agreement. For additional information contact the LNDH team on 01638 544955.
